

The Michigan Coalition to End Domestic and Sexual Violence (MCEDSV), established in 1978, is the statewide leader working to end domestic violence, sexual assault, and human trafficking. Representing more than 75 member programs across Michigan, MCEDSV provides training, legal advocacy, policy leadership, and direct support through the statewide VOICES4 Hotline. We help communities respond effectively when violence occurs and build long-term solutions to stop violence before it starts. Through collaboration with communities, lawmakers, and advocates, MCEDSV advances a future where every survivor is believed, supported, and safe.

Survivors can reach free, confidential, and anonymous support 24/7 through the VOICES4 Hotline by calling or texting 855-VOICES4 (864-2374), chatting at [MCEDSV.org](https://www.mcedsv.org), or using TTY at 517-381-8470.
